

Sinclair
Broadcasting's
decision to push
their stations to
air the anti-Kerry
documentary "Stolen
Honor" days before
the election is a
clear example of
abuse of the use of
public airways for
political purposes.
This is a blatant
attempt to use
corporate media
power to smear a
candidate at a time
when rebuttal is
difficult if not
actually impossible.
This does not serve
my community nor
does it serve the
principles of
democracy.

Please do your job:
stop this abuse now
and in the future.

Thank you.
